

Biography
Susan Brissette
Department Manager, Management Systems, Bruce Power
President, Women in Nuclear Canada
Executive Board Member, Women in Nuclear Global

With almost 20 years experience in the nuclear industry in Canada and abroad, Susan has held a variety of senior communication, change leadership and nuclear oversight positions throughout her career. She is currently responsible for the Bruce Power Management System including Change Management, Quality Assurance, Corporate Assessment and Benchmarking processes. Susan has recently created an industry Peer Group on Management System implementation. A Canadian, Susan began her career in the nuclear industry in the UK in 1992, and returned to Canada in the late 1990s as part of the team that created Bruce Power where she was accountable for reputation management.

Susan is an Executive Board member of Women in Nuclear Global and Chair of their Communications Committee. She has spearheaded Women in Nuclear in Canada since 2004. Susan chaired the Organizing Committee for the highly successful 14th Annual WiN-Global Conference hosted by Canada in late May 2006, which saw some 350 delegates from almost 40 countries come together to showcase the nuclear industry in a unique way – by highlighting the women who are making a unique contribution to the leadership and advancement of nuclear and radiation technologies around the world.

Susan has an Honours degree in Finance and an MBA from Concordia University in Montreal, Quebec, Canada. She is the Vice President of her local skating club, an active gardener, traveler and the enthusiastic mother of two teenage daughters.
